

## **TEAM 668 Advances to FIRST Tech Challenge World Championship**

---

Southeast High School Robotics Team 668 was part of a 3-team alliance that won a robotics competition at the North Carolina FIRST (For Inspiration and Recognition of Science and Technology) Tech Challenge. The Aggeland Challenge was held on the campus of North Carolina A&T State University on Saturday, March 21<sup>st</sup>. As a result of their success, Team 668 will advance to the FIRST World Championship at the Georgia Dome in Atlanta, April 15 –17.

FIRST promotes the applications of science and technology and emphasizes gracious professionalism among the participating teams.

Team 668 members Jon Bennett, Bethany Boring, Jaclyn Coble, Kameron Eason, Korey Eason, Michael Hall and Bryan Helms spent several weeks to design, construct and program a mechanical robot to compete in the FTC Challenge. Team coach Antoinette Cheek, mentors Travis Helms and Mike Tidwell are very proud of TEAM 668.
